- The Santiago Peak Communication Towers are threatened due to the Holy Fire, which is approximately 1.5 miles away from the comms site. Continuing to monitor and provide updates as they arrive. ESF 2 is gathering information for a contingency plan should the site become impacted.

FUELS/CALIFORNIA ENERGY COMMISSION

- Heightened air response activity has increased demand for jet fuel statewide. Availability of jet fuel could be temporarily constrained until refinery production and the distribution systems have caught up to demand. No reported impacts on other transportation fuel levels, California refiners are operating within expected ranges.
- No fire related threats to refineries or fuel distribution at this time. We will provide any additional information as it becomes available.
